## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2024-25 School Description and Mission Statement

### Mission Statement:

Loara High School is an inclusive environment where students are supported and empowered life-long learners who become active citizens in their communities and develop individualized goals while pursuing a future of their choice.

### Vision Statement:

Together we Rise

- Respect

## 2024-25 School Description and Mission Statement

- Integrity
- Scholarship
- Excellence

### Highlights:

Loara High School is a collaborative educational institution due in large part to its Professional Learning Community (PLC) professional learning model, which was developed to help the campus achieve the three primary goals identified in the AUHSD Local Control Accountability Plan (LCAP): implementation of the current adopted state standards, including English Language Development (ELD) Standards, and Next Generation Science Standards; ensure that all students earn a high school diploma; and ensure that all students demonstrate college and career readiness. Staff commitment to the PLC model has permitted Loara to move to the forefront of standards implementation and has made it a model for teacher and parent learning walks, staff collaboration, and curriculum development.

The Saxon Summit Capstone project has been implemented school-wide and is adapted to meet all student needs including ELs and SWDs. Students reflect on their progress relating to the 5Cs, CPSF, and mission and vision statements. Loara High School has established itself as a California Democracy School, meaning that every Loara student will complete a civic inquiry investigation as part of the curriculum and competencies for the 12th-grade American Government class. In addition, all students will engage in the six proven practices throughout their four years: 1) Instruction in Government, History, Law, and Democracy; 2) Discussion of Current Events and Controversial Issues; 3) Service Learning; 4) Extra-Curricular Activities; 5) Student Participation in Student Governance (ASB, RSVP); and 6) Student Participation in Simulations and Democratic Processes.

Loara is an inclusive environment that supports all stakeholders and community members by utilizing the many resources offered through The Community Schools approach and the family and community engagement specialist (FACES). With the help of the Family and Community Center, families and students are well-informed and given multiple opportunities to become active stakeholders through the various programs, activities, and events offered. Loara High School has an active PTSA and booster clubs that support student activities. Parents are active participants in the School Site Council, Focus Groups, ELAC, DELAC, Coffee with the Principal, and other school committees. The school maintains relationships with a number of community and business organizations.

Loara High School offers its students myriad opportunities and programs to ensure their continued academic growth and post-secondary success, including VAPA, Dual Enrollment, AIME, AVID, eight CTE / ROP Coursework and Pathways (Drone Operations, Production and Managerial Arts, Child Development, Public Safety, Financial Services, Software and Systems Development, Patient Care, and Systems Diagnostics Service and Repair), Honors and Advanced Placement Coursework, English Language Development, and Special Education (The SAI teaching model for SWDs, the designated core classes with EL support, and the PL/EL monitoring program provide support for students in special populations).

### Demographic Information:

Loara High School was established in 1962. It is located in Anaheim, CA, and is one of eight comprehensive high schools in the Anaheim Union High School District. The school currently has an enrollment of 1,565 students, of which 91.8% are socioeconomically disadvantaged, and 30.6% are English Learners. The demographic profile also indicates the following regarding student subgroups: 81.7% Hispanic, 4.2% White, 8.4% Asian, 1.1% African American, and 0.3% Pacific Islander. Currently, 16.4% of Loara's population are Students with Disabilities. The honors/Advanced Placement Program serves 20.4% of the school's population and the AVID program serves roughly 8%.

The school is in its tenth year of being designated as a Title I School-wide Program, which serves 100% of the student population. Loara has continued to make improvements in a variety of areas over the past several years. Most noteworthy are the increases in A-G completion rates and graduation rates and the decrease in student discipline referrals.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and district-adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

## School Facility Conditions and Planned Improvements

Loara High School opened in 1963. The 39.6-acre site includes 60 regular classrooms and a few portable classrooms. There are 27 labs, which are designed for specific programs (i.e. computer labs, science labs, choral music room, nursing etc.). The site also contains an auditorium, a library/media center, two gyms and pool facility, and a variety of sports fields.

**Maintenance and Repair:** Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

**Cleaning Process and Schedule:** The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily and deep cleaning, such as waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

Loara High School underwent an extensive construction and modernization project approximately 9 years ago. The project included new classrooms, pavers in the entire quad area, seating walls and benches, new landscaping, an outside stage area, and new lights for the quad. Since 2021, the campus has been repainted and renumbered. The science floors have been refinished to remove the buckling tile floors. The drone classroom was created to support the newly implemented Drone program. One of the staff and the student lots now have solar panels installed. Room 609, which is used for staff PD and student meetings has been updated to make it a more useful space for staff and students. The parent community center is located at the front of the school to allow for better parent access. Wraps have been installed in multiple areas around the school to celebrate the history and traditions of Loara. The renaming of the gym and wrestling rooms, with appropriate signage, are underway. The school's marquee was replaced and improvements have been made and are ongoing for the staff lounge and ASB room. The PE blacktop was resurfaced as well.

In addition, several projects have been approved and are scheduled for completion in 2024-25, including the naming of the main gym and wrestling room.

The most recent site inspection was completed in October 25, 2024.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2023-24 Career Technical Education Programs

Loara High School has twelve career pathways that represent several industries, which suit the needs, interests, and demands of its diverse student body. During the 2023-2024 school year, courses were offered in the following career industries: Arts, Media & Entertainment; Education, Child Development, and Family Services; Business and Finance; Health Science and Medical Technology; Information and Communication Technologies; Public Services; Drones; and Transportation.

Our CTE pathway courses are designed using the CTE Model Curriculum Standards, ensuring that students are developing the key skills needed to succeed in both school and the workplace. All of our teachers are trained to provide the best possible instruction for all students, including those in CTE pathways, with a focus on universal design for learning, ensuring that all students can access the curriculum. Our district measures the success of our CTE programs by evaluating the graduation rate, A-G completion rate, post-secondary enrollment, and when possible the career placement of students. This data guides which CTE pathways are offered, as well as the alignment between curriculum and the needs of each industry sector. CTE teachers attend regional advisory boards for each industry sector to stay up to date on the latest trends, skills desired by employers, employment outlook, and post-secondary programs related to the industry sector. These advisory boards are provided by Vital Link, a local non-profit organization that connects businesses with school districts, ensuring that the knowledge gained at the advisory boards represents the surrounding region.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2024-25 Opportunities for Parental Involvement

Our Family and Community Engagement Specialist [FACES] and Community Schools focus team's goal is to increase parent involvement and communication. An approach to do this is bringing awareness to our Community Schools journey at Loara High School. The focus group will help effectively inform families and staff members of what a community school is, they will

## 2024-25 Opportunities for Parental Involvement

assist with the needs assessment process, and they will support the community and site mapping process.

- -We hold monthly Community School Steering Committee meetings where parents play a key role in decision-making.
- -We send families our Monthly Community Schools Newsletter in our weekly newsletter, here we remind them of what a community school is and what our journey at Loara has been like so far.
- -We also remind families each week in our weekly newsletter that Loara is one of 15 community schools in AUHSD using a Google Site.
- -Last year we held Community Voice Circles with different groups on campus including parents & families. We haven't done those this year, but we plan on implementing them again.

Loara continues to work on tailoring its support services and resources to families by becoming better informed about the community's needs. A needs and asset assessment was shared with families, students, and staff to help the FACES and Community Schools Coordinator better engage and serve Loara's community. Additional parent workshops, community resources, and support services will be implemented based on the responses to these surveys. Services, workshops, and events will be shared in multiple languages and at flexible hours to help better serve our families. We will continue to share with families our weekly newsletter in multiple languages. This is translated into the families' home language with the help of Aeries and Parent Square. Different platforms and methods will also be used to communicate resources and events with families (social media, calls, text messages, and flyers). FACES, the Community Schools Coordinator, and our community liaison are bilingual and will help create systems where two-way communication with families can be created.

To increase parent participation in different events, trainings, and activities, all parents will receive a minimum of one Aeries Communication via email, voice call, or text message a week. These opportunities give parents tools to advocate for their students. School participation will be encouraged by promoting events by creating and distributing flyers, making personal phone calls, sending Aeries communication messages, and advertising at other events. Our Focus team is also developing a Parent Needs Survey. This survey will be proctored after each training, meeting, or activity. The purpose of the survey is to give parents an opportunity to give us feedback regarding programs or events they have participated in and to find out the best social media platforms to connect. Based on parent feedback we will continue to add classes, trainings, and meetings. We will also increase participation by offering day and evening activities at Loara HS, Ball JHS, and the district. We will continue to proctor the LCAP survey.

There is also a need for greater parental involvement in decision-making. This involvement could be increased by inviting parents to participate in Focus Groups, ELAC, DELAC, LCAP, PTSA, and SSC. We want all parents to feel that their feedback is valued and that they have been trained on how to participate in the school's decision-making process. We need to increase participation to expand parent's understanding of the importance of advocating for all students. We also need parents to help us develop and establish the school's vision, mission, and plans.

## 2024-25 School Safety Plan

School Safety Plans are reviewed, discussed, and updated on an annual basis. Input is gathered from staff, students, and community resource groups along with the School Site Council in order to determine any needed changes. The Loara High School Safety Plan is implemented by staff members. No less than four safety/evacuation drills are conducted throughout the

## 2024-25 School Safety Plan

school year. Students, teachers, and other faculty members are required to participate in these drills.

### STAFF RESPONSIBILITIES

- Ensure protection and preservation of health and safety of students, other employees, and school property (as per Government Code Division 4, Chapter 8; Sections 3100 and 3101).
- Remain calm and follow the instructions from administration and/or fire or police departments.
- Know emergency procedures for each kind of disaster situation.
- Print class rosters as your class roster updates or a minimum of once each quarter to take attendance.
- Carry the current class roster when taking students from your classroom (may use an electronic copy).
- Have your emergency clipboard located on the tray of your whiteboard in a visible location.
- Be aware of your responsibilities if a disaster occurs during your conference period and report to your assembly area.
- Bring any first aid supplies to your assembly area.
- Assure students remain calm and wait for instructions.
- Assure students know emergency procedures for each kind of disaster situation as well as familiarize them with the location of emergency information located in their student planner. Know and practice the duck, cover, and hold procedure. Know and practice your evacuation routes.
- Do not use cell phones or radios except for true emergencies. Keep chatter to a minimum.
- Evacuate or lock down your room as instructed by Police, Fire, or an administrator. In a lockdown, do not leave your room. Turn off lights, lay students flat on the floor, and ignore bells. Teachers should be the closest people in the room to the door. Leave your room unlocked if you evacuate.
- If you are on the athletic fields during a shooting incident, proceed to the fire station/library on Euclid Ave.
- Do not make statements to the press.

The SCHOOL SAFETY PLAN WAS APPROVED by faculty, parents, and students at the SCHOOL SITE COUNCIL MEETING in November of 2024.

## 2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## Fiscal Year 2023-24 Types of Services Funded

Loara High School receives supplemental funding through Title I, Title IV, Local Control Funding Formula (LCFF), and Perkins.

### Title I:

Loara High School has adopted a Title I school-wide program, designed as a comprehensive reform strategy to upgrade the entire educational program. Our primary goal is to ensure that all students, particularly those who are low achieving, demonstrate proficiency on both state and federal academic achievement measurements. Strategic interventions and support strategies are provided both during and outside the school day to achieve this goal.

### Title IV:

Title IV, Part A of the Every Student Succeeds Act of 2015 is intended to improve students' academic achievement by increasing the capacity of States, local educational agencies (LEAs), schools, and local communities to provide all students with access to a well-rounded education, improve school conditions for student learning, and the health and safety of all students. Loara Title IV funds are dedicated to physical education and safe and healthy student activities, like PBIS, social-emotional learning programs, and gang prevention and intervention.

## Fiscal Year 2023-24 Types of Services Funded

### LCFF:

This funding supports additional services for English Learners and/or students who are Limited English Proficient (LEP), foster-youth, and low-income students. These programs and activities assist English Learners with the achievement of proficiency in the English language as rapidly as possible, and also support and enhance academic achievement outcomes through appropriate intervention programs.

### Perkins:

Funds from the Carl Perkins Grant are used to develop more fully the academic, vocational, and technical skills of secondary and post-secondary students who elect to enroll in Career Technical Education (CTE) programs and to improve the use of technology in order to improve the academic achievement and digital literacy of all students. These programs promote the development of services and activities that integrate academic, vocational, and technical instruction, and that link secondary and postsecondary CTE programs, especially for students seeking “non-traditional” training related to the broad understanding of the world of work.

The following programs and supplemental services are offered at Loara High School

- Family and Community Engagement Specialist – TITLE I
- APEX Credit Recovery – TITLE I/LCFF
- AVID support for grades 9 - 12 LCFF

## Professional Development

Teachers participate in a variety of district in-services as well as professional learning workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in a teacher induction program. The district and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results and performance task assessments in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Evidence-based instructional strategies are reviewed and implemented.

In addition to what the district provides, Loara High School has professional development opportunities on Thursday late start days. The time is utilized by departments, specialized programs, and cross-curricular articulation.

This table displays the number of school days dedicated to staff development and continuous improvement.
